These Regulations apply only to players moving between clubs under the jurisdiction of the Football Association of Wales ("FAW") save that, subject to the proviso below, these Regulations will not apply to a player who moves between clubs under the jurisdiction of the FAW participating in leagues under the jurisdiction of The Football Association ("The FA"). For the avoidance of doubt movements between these clubs will be subject to the relevant compensation Rules for the league in which they participate PROVIDED THAT where a player moves between clubs under the jurisdiction of the FAW participating in leagues under the jurisdiction of The FA and the move is the player's first registration as a professional, paragraph 3 of these Regulations will apply in respect of payment of training compensation by the signing club to each of the player's former clubs under the jurisdiction of the FAW involved in his training.

6. When a player registers as a professional for the first time, the club with which he is registered shall be responsible for paying training compensation within thirty (30) days of registration to every club at which the player has previously been registered (in accordance with the player's career history which shall be solely based upon the information contained on FAW COMET) and

that has contributed to his training starting from the calendar year of his 12th birthday until the calendar year of his 21st birthday.

7. In the case of a subsequent transfer under paragraph 4 above, the club with which the player is registered shall be responsible for paying training compensation to the former (transferring) club within thirty (30) days of registration provided the former club has contributed to his training before they reach the age of 21.

 - 8.1.2. **Category 2: £625 per year** (All clubs with a FAW Academy) (25% of Category 1); and
 - 8.1.3. **Category 3: £156 per year** (all other clubs under the jurisdiction of the FAW) (25% of Category 2).

The rates set out in 8.1 will double between the ages of 16 and 21.

	Amount Per Year		
Calendar Year	Category 1	Category 2	Category 3
12 th Birthday	£2,500	£625	£156
13 th Birthday	£2,500	£625	£156
14 th Birthday	£2,500	£625	£156

16 th Birthday	£5,000	£1,250	£312
17 th Birthday	£5,000	£1,250	£312

- 8.2. the training compensation payable to the former club(s) shall be calculated by taking the training costs of the new club multiplied by the number of years of training. Should

a clubs' Category change, in such calculations, the relevant Category of each club will be their Category at the time the player signs the contract.

For example, a player is registered as a Category 2 club for five (5) full seasons between the ages of 12 and 16. The player signs a first professional contract for a Category 1 club. .

The Category 1 club must pay the Category 2 club compensation of:

Four (4) complete seasons at 12-15 x £2,500 = £10,000

One (1) complete season at 16 x £5,000 = £5,000

£10,000 + £5,000 = £15,000

Where a player hasn't spent a full year with a club, the amount for that year will be calculated on a pro rata basis. The calculation for this will be taking the amount for that year, dividing it by 365 and multiplying it by the number of days registered that year.

- 8.3. it shall be the responsibility of the former club (claiming compensation) to calculate the amount of training compensation due and to inform the paying (signing) club. The former club shall provide all information and evidence reasonably necessary to support its claim. Such claim must be lodged within eighteen (18) months of the player signing with the paying club. Time shall be of the essence in this respect.
9. In the case of a dispute over whether training compensation is payable under these Regulations, or the amount of training compensation payable to any club, the dispute shall be submitted to the FAW Disciplinary Panel for resolution in accordance with the FAW Rules.
10. In the event of a training club signing a training compensation waiver, a transfer agreement, or any other document in which it forgoes its right to claim training compensation, the training club will not be able to make any future training compensation claim for the player.
11. For the avoidance of doubt, claims for training compensation can work both ways. In the event of a player signing their first professional contract with a lower category club a higher category club is entitled to claim training compensation from the lower category club.
12. These Regulations are subject to review on an annual basis, although such review need not result in any change to these Regulations.
